13th June 2018

Maths Mastery

Dear Parents,

We are delighted to invite you to our maths mastery showcase on **Wednesday 20th June**. This will be a brilliant opportunity for the children to demonstrate how maths is taught here at Hipsburn Primary School (and maybe even teach you a thing or two!)

At the showcase you can expect to see children from each year group using their knowledge and skills in a variety of maths mastery activities. Each class will complete activities based around the key mathematical concept of 'Place Value', which will hopefully give you a flavour of the progression from Reception to Year 6.

The showcase will take place in the **school hall**, **beginning at 2pm and ending at 3pm**. We are sure you will enjoy this opportunity to find out what is meant by a mastery approach, as well as to get stuck into some maths yourself!

At the end of the afternoon, we ask that you please exit the building via the main entrance and collect your child (ren) from their classroom door as usual.

We do hope you are able to join us.

Kind regards,

Mr Moloney

Headteacher
