Re:Appleby Trust Funding

Dear Parents and Carers,

We were thrilled to receive a very generous donation from the Appleby Trust to support our school. The teachers thought very carefully about how to allocate the money so that all the children would benefit and have their school life enriched. This is why we have had new markings on our school yards and I am sure you will agree they look very colourful! They will be well used in lesson time, in our PE curriculum during school and in after school clubs, as well as play time and lunchtimes. Mrs Johnson has been working with the company to ensure we had a range of markings put in place that would be used by the children. I am sure you will agree they look very smart and fun!

We are very keen to use the Outdoor Environment to support our learning and we are pleased that the Appleby Trust have helped us in our vision.

Kind regards,

Kevin Moloney
