Headteacher Mr Kevin Moloney

21st October 2020

Dear Parents,

This year, Parent/Teacher Consultations are trickier to organise and we are aware that many of you will be anxious to know how your children are getting on. Logistically, it would be a real challenge for us to phone all parents out of hours with a limited phone line into the school building.

Teachers are currently writing a short report on your child and how they have settled back into school with some initial findings around your child's progress. The information provided in the report will replicate what would have been shared at a "normal" Parental Consultation. If having read this report you have questions please contact the school via the admin account and we will address these. We are planning to send these out in the week beginning 9th November.

As a school we will agree how we can develop Parent/Teacher Consultations going forwards depending on the current climate and Risk Assessments in place within our school building.

I have sent Individual Learning Plans electronically over the last two weeks for those children who have support above quality first teaching - again please get in touch if you have any queries.

Yours sincerely,

Kevin Moloney  
Headteacher
