

## 'Special People, Special Things'

On Monday 11<sup>th</sup> December 2017 Ford class went on a trip to Lesbury Village Hall. We had been invited to see a photography exhibition called, 'Special People, Special Things'.

The lady who hosted it was called Carol, and there was a photographer called Joyce. We looked at photos of local people with their special things, for example, Roger and his table tennis badge. Each picture had a piece of writing which told us what it was and why it was special to them.

After we looked at all of the photographs, we sat down and began to talk about what special thing we could bring into school for the photographer on the 20<sup>th</sup> December. Whilst we were talking, we ate biscuits and drank juice. Eventually it was time to go back to school; it was a brilliant afternoon. By Anna
