### **Bike to School Week (w/b Monday 12th June)**

Dear Parents,

The aim of 'Bike to School Week' is to promote the importance of a healthy and active lifestyle. We are planning some special events during the week and would love you to take part.

**We would like to encourage you to bike to school each day.** We realise that this may not always be possible but biking part of your journey e.g. parking nearby and then biking the last part to school could really help the children get active before the start of the school day. Hipsburn will be taking part in a county wide competition, so we will take a survey each day of the number of pupils biking (or walking and scooting) to school. We were runners up for the 'Bike to School Week' last year so it would be great to have some success this year too!

For the children that have biked to school **we will be offering a bikers breakfast in the hall** each morning before registration.

Since lots of children will be biking to school, **'WOW - Wiggle on Wednesday' 14th June will be a bike to school one**, rather than a weekly 'wiggle' around the school grounds.

Therefore, with the bike to school week taking place everyday, **please be aware of extra bikes about during this week**, especially around the school grounds with younger children.

Many thanks for your support.

Regards, Mrs Johnson
