

Road Safety Tips

Stand Back

**30cm
away from wing
mirrors**

STOP

**At a safe place
where you can
see the traffic**

LOOK

**For moving
traffic**

LISTEN

**For traffic
noise, wait if
you do**

THINK!

**Is it safe to
cross**

Be Bright Be Seen

Wear **bright** or **fluorescent** clothes during the **day**, particularly in dull or misty weather (remember that fluorescent clothing doesn't really work after dark)

Use **reflective** materials at **night** as these will show up in the car headlights. Reflective strips can be put on clothing, bags, shoes and other equipment

Only cycle at night if you have a working white front light, red back light and a red reflector.

Bus Safety Tips

- Walk when near a bus
- Running in front or behind the bus is **dangerous**, because the driver might not see you when they drive off
- Crossing near a bus is **dangerous**, because there might be traffic passing that you can not see
- Find a **safer place** to cross if you can
- Always use Stand back, Stop, Look, Listen and Think
